Meal selection is as follows:

1. Grilled Salmon Filet with Salsa Verde and Micro Greens

For children, the meal selection is the same as it is for adults, however the meal is much smaller and the salmon dish is not available for them.

Our licence presentations always include a keynote address by a speaker who is a reputable and distinguished professional in their field. Special guests include Dr. Marko Saban, Manager of the Scale-Up Engineering Lab at the Xerox Research Centre of Canada and Her Worship Mayor Hazel McCallion, who have both confirmed their attendance at the event.

This event is also a great opportunity to meet chapter executives and your fellow professional engineering colleagues and to formally welcome you to our chapter.

If you have any questions, please contact me.

Sincerely,

*Juwairia Obaid*, EIT
